

Which states are on the travel advisory list? Are there travel restrictions to or from New Jersey? *Last Updated: 08/11/2020 NJ.GOV*

New Jersey welcomes travel to and from our state.

However, to save lives and prevent the spread of COVID-19, the State has issued an incoming travel advisory that all individuals entering New Jersey from states with a significant spread of COVID-19 should quarantine for 14-days after leaving that state.

Under the 14-day quarantine travel advisory announced by the Governors of New Jersey, New York and Connecticut, individuals traveling to or returning to New Jersey from states with increasing rates of COVID-19 are advised to self-quarantine for 14 days. This includes travel by train, bus, car, plane and any other method of transportation.

The 14-day quarantine travel advisory applies to travel from certain states identified as those that have a positive COVID-19 test rate higher than 10 per 100,000 residents *or* have a 10% or higher positivity rate over a seven-day rolling average ("impacted states.")

As of Tuesday, August 11, there are currently 33 states and U.S. jurisdictions that meet the criteria stated above:
